

Lead Researcher

Jarvis is a Political consulting firm that helps its clients to solve most pressing political and administrative problems using technology & data. We specialize in leveraging cutting-edge technology and advanced data sciences to create scalable solutions to complex problems.

At Jarvis, we work in the fields of Operational Excellence, Project Management, Policy Research, Campaigns & Communications and Strategy, offering a universe of solutions to our clients which includes governmental agencies, political parties and few of India's biggest and emerging unicorns.

Position Overview:

We are seeking a highly motivated and experienced **Lead Researcher** to join our team. The ideal candidate will lead and manage cutting-edge research projects, drive innovation, and collaborate with cross-functional teams. This individual will be responsible for guiding and mentoring a team of researchers, developing research strategies, and contributing to the growth and success of our company.

Key Responsibilities:

1. Political & Policy Expertise

- Strong understanding of electoral systems, governance, and political dynamics.
- Experience in policy analysis, legislative tracking, and political strategy.
- Knowledge of voter behavior, public opinion trends, and campaign strategies.

2. Research & Analytical Skills

- Expertise in quantitative and qualitative research methodologies.
- Ability to conduct polling, surveys, and focus group research.
- Proficiency in statistical analysis and predictive modeling for elections.
- Experience with case study research, policy impact assessments, and opposition research.

3. Strategic Thinking & Advisory

- Ability to translate research insights into actionable political strategies.
- Experience in election strategy, messaging, and voter outreach planning.
- Strong problem-solving and critical thinking skills to navigate complex political landscapes.

4. Communication & Reporting

- Excellent writing skills for research reports, policy briefs, and strategy documents.
- Proficiency in data visualization tools like Tableau, Power BI, or Matplotlib.
- Ability to present findings to political leaders, policymakers, and campaign teams in a clear and impactful manner.

5. Leadership & Collaboration

- Experience in managing research teams, mentoring analysts, and coordinating projects.
- Ability to work with data scientists, political strategists, media teams, and policymakers.
- Strong project management skills to oversee multiple research initiatives simultaneously.

Additional Preferences (If Applicable) – A Plus

- Experience with big data analytics, machine learning, and AI-driven insights.
- Ability to interpret social media trends, digital campaigns, and sentiment analysis.
- Familiarity with **SPSS, R, Python, Qualtrics, and similar tools** is an added advantage.

Qualifications:

- **Education:** Bachelor's/Master's or Ph.D. in Political Science, Public Policy, Data Science, Economics, Market Research, Life Sciences etc.
- **Experience:**
 - 3+ years of experience in **research**, with at least 1+ years in a leadership or senior researcher role.
 - Expertise in **Public Policy, Political consultancy, Govt. Research, etc.**
 - Proven track record of managing research teams and delivering high-impact insights.
 - Prior experience in political consulting, think tanks, election campaigns, or government advisory roles.
 - Hands-on experience in AI-driven political analytics, campaign management, or policy formulation is a plus.

Why Join Us:

- Opportunity to lead and shape impactful research projects that drive innovation.
- Collaborative work environment with opportunities for professional development.
- Competitive salary and benefits package.
